# Print Specifications

Display ad print specifications are the same across **ALL** Meetings + Events titles.

## AD CREATION

Ad design services are available and complimentary for 4x contract advertisers. Production charges are in addition to space rate and are nonnegotiable and noncommissionable. Production is billed at \$75 per ad package and includes one round of changes, resizing, color adjustments, etc. These prices should be used as a guideline only. Additional charges may apply.

## AD SIZES

	WIDTH	HEIGHT

1/6 PAGE HORIZONTAL	4.625"	2.375"
2-PAGE SPREAD BLEED	17"	11.125"

(Supply as a single PDF. Note nonbleed images and text must be kept .5" in from the center spine.)

We strive for the highest quality, as does our printer. However, due to variable conditions in the four-color printing process, perfect reproduction cannot be guaranteed. Color variances stay within established SWOP (Standard Web Offset Printing) ranges.

## FILE REQUIREMENTS

### PREFERRED FILE FORMAT: PDF/X-1A

Do not flatten your PDF. Any web addresses in your ad will not link in the digital edition if the ad is flattened.

### IMAGE RESOLUTION/COLOR

Images must have a resolution of 300 DPI placed at 100%. All Pantone and RGB colors must be converted to CMYK. Any ads with non-compliant colors will be converted to CMYK and color accuracy cannot be guaranteed.

### FULL-PAGE REQUIREMENTS

**LIVE AREA:** Keep nonbleed images and text .5" in from the **trim size** to guarantee those elements will not be trimmed off.

**BLEED:** Elements intended to bleed off the page must extend a minimum of .125" beyond the trim.

**EXPORT SETTINGS:** Do not use crop marks. If they are used, an offset of .25" or greater is required. Define document bleed settings at .125" on all edges.

# Sponsored Content (Online)

Identify yourself as an industry leader using content similar to our own editorial. We assist you in developing an article/story to promote your business as native content that appears alongside our editorial features on **meetingsmags.com** or **any of our regional websites**.

## HOW IT WORKS

- » Our editors help you develop a compelling headline and story about your business/offering.
- » Our website helps brand your article to the style of Meetings + Events, ensuring more exposure and making your content more appealing to our subscriber base.
- » Your content will be viewed on **meetingsmags.com**, instilling credibility with our thousands of monthly visitors each month.
- » Upon request, you will receive a report of how many viewed your content, for how long, along with commentary on what the information means for your business.
- » At the end of the article, your company's information will be presented with a call-to-action for the reader to learn more about your business and services.
- » Studies show that sponsored content performs stronger than traditional digital media.

## MATERIAL REQUIREMENTS

**Copy:** Title, author name, 300-400 word article, and one-sentence company description (e.g. Loews Hotels is a leading provider of flexible meeting space in all major markets).

**Photos:** Multiple photos (800 x 640 pixels). We prefer to use more photos if possible. Images are key to getting readers to click on the web article.

**Links:** Provide the URL for links.

**Company logo:** Supply as .JPG, .PNG, .TIF, .PDF or .EPS

**Submit materials to:** [medigital@greenspring.com](mailto:medigital@greenspring.com)

# Programmatic Digital Solutions

Terminology, local preferences, and buying habits vary from city to city. By optimizing audiences to local needs and delivering customized creatives for different locations, we can deliver improved performance compared to platforms that use prepackaged segments and target nationally. We can customize audiences to local needs, provide superior performance on high volumes of localized campaigns, and deliver efficiently to drive higher ROI. In addition, our completely transparent and highly granular analytics system provides deeper insights that enable brands to continually improve and evolve their marketing efforts.

**GEOTARGETED PROGRAMMATIC DEVICE ID ADDRESS MATCH** of our proprietary database of subscribers (largest in state/regions we publish). This is first-party data—our readers. We have their addresses and can serve your display ad on their electronic device where they live. Staying front and center to this audience is paramount, as out of sight is truly out of mind. These are readers actively looking for your information to make important buying decisions.

## GEOTARGETED PROGRAMMATIC DISPLAY LOOK-ALIKE AUDIENCE

We can take our first-party data (subscriber list) to create a look-alike audience through content, behavioral, demographic data profiling. This allows us to target people who are “clones” to our subscriber list, and this enables us to give you total market coverage (subscribers/nonsubscribers).

## OPTIMIZED GEOTARGETING

Target users in specific locations such as region, zip code, city, county, state, country; market to those in your service area.

## SITE RETARGETING

Target users who have already visited your site while they are visiting other sites across the web; market to those who are familiar with you.

## KEYWORD SEARCH & CONTEXTUAL TARGETING

Target users who search for or read about the keywords related to your business; market to those who are interested in what you have to offer.

## CATEGORY CONTEXTUAL TARGETING

Target users who visit sites that are categorically relevant to the product or service you provide; market on sites where your prospects are likely to be.

## GEOFENCING

Think “commercial.” Target users who visit a particular location (often a business, park, stadium, hall, or other nonresidential place); market to those who visit your business, competitors, or other relevant locations.

## ADDRESSABLE GEOFENCING

Think “residential” or “work.” Target users who live or work at a particular address; marketing to Meetings + Events subscribers or your client database(s) (up to 1,000,000 addresses).

## EVENT TARGETING

Target users who attend a particular event; market to attendees of events relevant to your business location or offerings.

## AUDIENCE POWER

**Programmatic Display** is designed to boost any business seeking to get their message in front of their target market, any place at any time. We've created a model of our print audience's professional online activity and use that model to deliver your online display ads to those whose activity is similar (i.e.: visits similar websites, watches similar videos, etc.) across all platforms, desktops, and devices.

Every electronic device has a unique **device ID** number. By mapping our print readership's physical address into the digital world (called GeoFencing), we can discover the device ID of all the devices that are associated with those addresses (Device ID capture). This information allows you to advertise directly to our complete print readership on all of their electronic devices. This is first-party data only available through us!

By **combining** the two tactics above, we are able to offer you total market coverage with the Silver and Gold packages. We do this by putting your online display ads in front of not only our entire print audience but also a look-a-like audience which captures tour planners who aren't currently a print subscriber but whose online activity is similar and therefore are potential customers worthy of seeing your message.

# Programmatic Custom Eblasts

Cut through the noise and put your message directly in front of planners who matter most. With Meetings + Events targeted email marketing, you can deliver a customized message straight to a hand-selected audience—no guesswork, no wasted effort.

Our turnkey eblast program makes it effortless: we'll design your campaign, help you pinpoint the exact decision-makers you want to reach, and ensure your message drives engagement. Email marketing remains one of the highest-performing digital channels—and with our proven process, it's easier than ever to see results.

# About Greenspring Media

**FOUNDED IN 1967, GREENSPRING MEDIA IS THE OLDEST CITY REGIONAL PUBLISHING COMPANY IN MINNESOTA.**

Built on the *Minnesota Monthly* foundation, the company has grown exponentially over the past five decades to include the award-winning *Midwest Design* magazine, as well as, the nationally and internationally distributed *Group Tour* magazine and Meetings + Events magazines. Greenspring Media also produces market-leading events that bring national and local clients face-to-face with their customers along with a full suite of digital, face-to-face, and custom publishing and content marketing products and services.

In 2013, Greenspring Media was purchased by Detroit-based Hour Media, the country's preeminent publisher of city regional magazines. Consequently, Greenspring's quality, pricing, and command of customer service is unsurpassed with our printing partners, enabling us to stay ultra-competitive when others in our industry are constantly raising rates. We print almost 18 million magazines annually, more than 130 titles, and more than 30,000 pages for nine distinct business units.

In addition to the hyper-local expertise our business partners gain from working with us, Greenspring Media is uniquely positioned to offer a vast network of sister publications and digital properties also owned by our privately held parent company.

LET US GET TO WORK. FOR YOU.

*(Supply as a single PDF. Note nonbleed images and text must be kept .5" in from the center spine.)*

## FILE REQUIREMENTS

**PREFERRED FILE FORMAT: PDF/X-1A** Do not flatten your PDF. Any web addresses in your ad will not link in the digital edition if the ad is flattened.

### IMAGE RESOLUTION/COLOR

Images must have a resolution of 300 DPI placed at 100%. All Pantone and RGB colors must be converted to CMYK. Any ads with non-compliant colors will be converted to CMYK and color accuracy cannot be guaranteed.

### FULL-PAGE REQUIREMENTS

**LIVE AREA:** Keep nonbleed images and text .5" in from the **trim size** to guarantee those elements will not be trimmed off.

**BLEED:** Elements intended to bleed off the page must extend a minimum of .125" beyond the trim.

**EXPORT SETTINGS:** Do not use crop marks. If they are used, an offset of .25" or greater is required. Define document bleed settings at .125" on all edges.

*We strive for the highest quality, as does our printer. However, due to variable conditions in the four-color printing process, perfect reproduction cannot be guaranteed. Color variances stay within established SWOP (Standard Web Offset Printing) ranges.*

**BLEED:** Elements intended to bleed off the page must extend a minimum of .125" beyond the trim.

**EXPORT SETTINGS:** Do not use crop marks. If they are used, an offset of .25" or greater is required. Define document bleed settings at .125" on all edges.

*We strive for the highest quality, as does our printer. However, due to variable conditions in the four-color printing process, perfect reproduction cannot be guaranteed. Color variances stay within established SWOP (Standard Web Offset Printing) ranges.*
